COMPILERS.

PUBLISHED BY

WM. H. YOUNG, Bookseller and Stationer,

Nos. 8 and 9 First Street and 216 River Street,

TROY, N. Y.

Entered according to Act of Congress in the year 1866, by SAMPSON, DAVENPORT & CO., in the Clerk's Office of the District Court of the Northern District of New York.

VAN BENTHUYSEN'S STEAM PRINTING HOUSE.

PREFACE.

Since the year 1859 the subscriber has been annually interested in this publication, and this year he has become its publisher. Having secured the services of Messrs. SAMPSON, DAVENPORT & Co. (formerly ADAMS, SAMPSON & Co.), as compilers, who have regularly issued the book during the past ten years, he has no hesitation in assuring the public that Troy will regularly be furnished with as complete and reliable a Directory as is provided for any city in this country.

During the past sixteen years this firm have regularly published Directories for fourteen different cities, besides issuing the New York State Business Directory, the New England Business Directory, and many other statistical works, employing constantly upwards of twenty-five men (several of whom are Trojans), who attend exclusively to collecting names, etc., for their various works. They have so systematized all parts of the business, and brought it to such a degree of perfection, that no other parties are now possessed of equal advantages in this line; and for these reasons the publisher is confident that it is quite as much to the business interests of the city that their services should be retained as compilers of the Troy Directory, as to that of his own pecuniary interest.

Without accuracy and completeness a Directory is of but little value. To ensure this there must not only be experienced canvassers employed, and an entire willingness on the part of individuals to give all the information solicited, but the streets, courts and avenues throughout the city must also be named and regularly numbered; and while the publisher cheerfully concedes the general courtesy and willingness on the part of individuals to give the information, he is obliged to state that the dwellings on some of our streets, and many of the alleys, courts and avenues are entirely without numbers, making it in many cases extremely difficult to locate the occupants with any good degree of accuracy. It is to be hoped that the City Government will take this matter in hand before another year and remedy the evil; the cost will be trifling when compared to its great convenience.

As an advertising medium the Directory has steadily won its way to the front rank. The cards of the principal business men of the city are now to be found in its pages, and it is pleasing to know that the advertisers are well satisfied with the results.

The publisher tenders his thanks to all who, however much or little, have by their patronage and assistance given encouragement and aid to the work.

It is now believed to be by far the most complete, useful and satisfactory Dictionary of the language ever published, as it is by far the largest single volume ever issued in any language.

The possession of any other English Dictionary, or any previous edition of this, cannot compensate for the want of this very full and complete one. In its present perfected state, it must long remain the **BEST ENGLISH DICTIONARY**, and once possessed, remain of constant and abiding value.

What book, beside the Bible, so indispensable as a good Dictionary?

Containing one-fifth or one-fourth more matter than any former editions.

THIS GRAND INTERNATIONAL SYSTEM

Is the most widely extended and largely patronized Educational Institution known in the history of the world. Reaching from Maine to Minnesota and Louisiana, it is well calculated to bind in

EDUCATIONAL AND COMMERCIAL SYMPATHY

North, South, East and West. Its aggregate of attendance for the current year will exceed

TEN THOUSAND STUDENTS,

Which is sufficient evidence that we are satisfying a great EDUCATIONAL DEMAND of this age and country.

We would qualify Merchants and Traders for their business, as Doctors and Lawyers and Generals are qualified, by educating them specially with reference to the things that they will be called upon to perform.

THE CHAIN,

In which the Troy College is a Link, gives us surpassing advantages over any local institution. By means of our connection with Colleges in other cities, as Albany, New York, Chicago, etc., we are enabled to carry on business between the several towns, and thus to practically illustrate the difficult problems of

Supply and Demand,
Balance of Trade,
Shipment,
Consignment,
Exchange, &c.,

WITHOUT A BREAK IN THE CONNECTION.

The rooms recently taken and now occupied by the TROY COMMERCIAL COLLEGE are centrally and pleasantly located, being immediately opposite the Post Office and in the business center of the town. These have been conveniently and handsomely arranged and furnished without regard to expense for our especial use.

Scholarships issued at Troy are good at any point of the INTERNATIONAL "CHAIN" as enumerated above.

The public generally are respectfully invited to call and examine the unrivaled facility and perfect working of our Institution.

C. E. HOLLENBECK, Resident Principal.

This route offers special inducements to parties of pleasure, as well as business men, traveling between the North and New York in the heat of summer, by which the monotony of a long Railroad ride and the annoyance of dust in crowded and noisy cars, are all exchanged for a quiet, pleasant and expeditious Steamboat ride.

Leaving New York from Pier No. 40 N. R., foot of Canal St., at 6 p. m., stopping at Albany, and arriving at Troy to take the Morning Trains West, East and North, Saratoga Springs and the Lakes.
